# 1. Installation

## 1.1. Introduction to BizFin<sup>x</sup> Multi Upload Tool

BizFin<sup>x</sup> Multi Upload Tool is an application program developed by Accounting and Corporate Regulatory Authority (ACRA) that allows companies to upload one or more financial statements in XBRL format (XBRL files) to the BizFin<sup>x</sup> server.

Prior to using BizFin<sup>x</sup> Multi Upload Tool, companies must prepare their XBRL files using other application programs, such as BizFin<sup>x</sup> Preparation Tool. For more information on BizFin<sup>x</sup> Preparation Tool, please refer to <https://www.acra.gov.sg/xbrl-filing-and-resources/help-resources>.

BizFin<sup>x</sup> Multi Upload Tool is made available free of charge for use by companies.

## 1.2. Minimum system requirements

To install BizFin<sup>x</sup> Multi Upload Tool, your computer must meet the minimum hardware and software requirements as shown in the table below:

## 3. Tab Navigation

### 3.1. Upload XBRL

#### 3.1.1. Submit XBRL files for validation and upload

To upload one or more XBRL files to BizFin<sup>x</sup> server:

- a) Click on **Upload XBRL** tab.

Figure 15

- b) Click on **Add XBRL Files** (s/n 1 in Figure 15) to select a XBRL file for validation and upload. Alternatively, drag and drop one or more XBRL files to the **XBRL files selected for validation and upload to BizFin<sup>x</sup> server** panel (s/n 2 in Figure 15).
- c) Enter the **Name of person who uploads XBRL file** (s/n 3 in Figure 15). This name will be displayed in BizFile during lodgment of Annual Return.

*You may choose to provide email address (s/n 4 in Figure 15) to be notified upon the completion of XBRL validation. The email notification will contain a link to view validation results on BizFin<sup>x</sup> portal.*

- d) Click on **Validate & Upload** (s/n 5 in Figure 15).

## 3.2. Validation Results / Status

### 3.2.1. View validation status of XBRL files

To view the status of XBRL files submitted for validation using BizFin<sup>x</sup> Multi Upload Tool:

1. Click on **Validation Results / Status** tab. You can view the validation status of all XBRL files under **Validation Results / Status** column (s/n 1 in Figure 16).

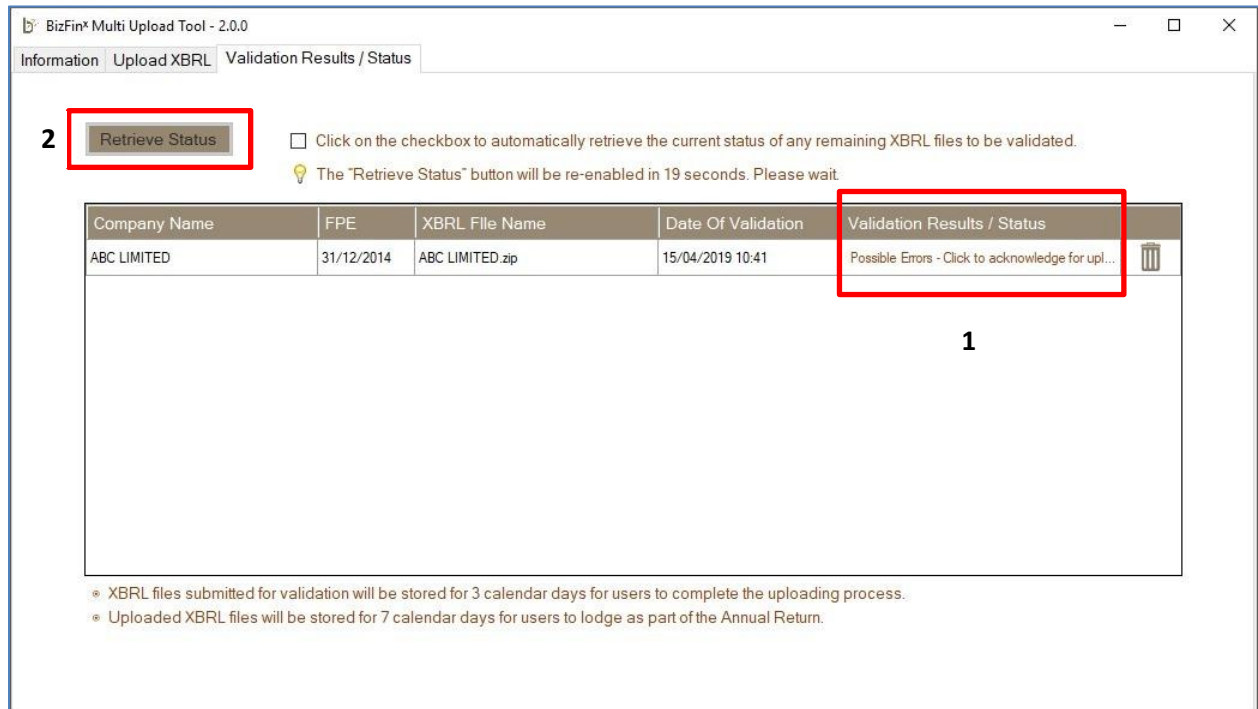

Figure 16

2. Click on **Retrieve Status** button (s/n 2 in Figure 16) to refresh the status if XBRL validation has not been completed. Note that you can refresh the status once after every 25 seconds. You can select the checkbox to enable automatic refresh of the status once every 25 seconds.
3. Follow the instructions indicated in **Validation Results / Status** column (s/n 1 in Figure 16) once XBRL validation has been completed. You may be asked to click on the link to view the XBRL validation results.

The table below describes each column header.

Column Name	Description
Company Name	Name of the company whose XBRL file had been submitted to BizFin <sup>x</sup> server.
FPE	Financial Period End date indicated in the submitted XBRL file.
XBRL File Name	File name of the submitted XBRL file.

### 3.2.2. View validation results of XBRL files

When you click on the link to view XBRL validation results in the “Validation Results / Status” column, a new window will be displayed (see Figure 17).

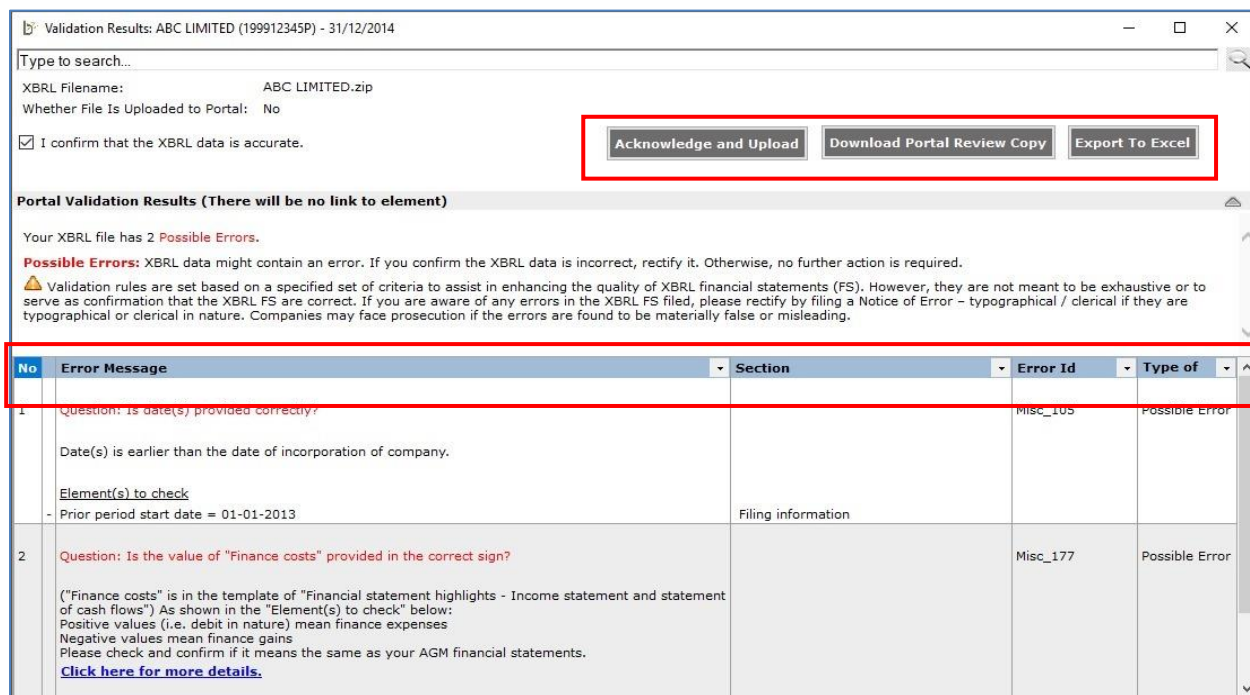

Figure 17

Review the XBRL validation results under “Portal Validation Results” section and follow the below instructions for different scenarios. If you are not allowed to upload XBRL file, the checkbox to confirm the XBRL data is accurate and “Acknowledge and Upload” button will be disabled for selection.

S/N	Possible scenario	Allowed to upload XBRL file?	Steps to proceed?
1	Your XBRL file contains any genuine error that has not been granted exemption by ACRA	Not allowed	<ol style="list-style-type: none"> <li>1. Rectify the error using any application program that prepares XBRL file (e.g. BizFin<sup>x</sup> Preparation Tool) or apply for exemption from specific business rules from ACRA.</li> <li>2. Resubmit XBRL file for upload.</li> </ol>
2	Your XBRL file contains no genuine error or all genuine errors have been granted exemption by ACRA	Allowed	<ol style="list-style-type: none"> <li>1. Select the checkbox beside “I confirm that the XBRL data is accurate”.</li> <li>2. Click on <b>Acknowledge and Upload</b> button.</li> </ol>
3	A same XBRL file has already been uploaded to BizFin <sup>x</sup> server	Not allowed	Proceed to lodge Annual Return.

The table below provides a description of the validation results window.

Error messages are displayed in red texts. For each error message, there are “Element(s) to check”. In the brackets beside the element name, you can see the date or period applicable to the element. For example: <b>Total assets (asof_20131231)</b> shown under the “Element (s) to check” means that the amount submitted for Total assets as of 31 Dec 2013 may be incorrect. Similarly, Revenue (fromto_20130101_20131231) means that the amount submitted for Revenue for the period 1 Jan 2013 to 31 Dec 2013 may be incorrect.</li><li>• <b>Section:</b> This shows the template name where the element belongs to.</li><li>• <b>Error ID:</b> This is the unique Error ID for the error shown. If you have issues resolving the error, you can use this Error ID in your communication with ACRA.</li><li>• <b>Type of Error:</b> This shows whether the error is Genuine Error, Possible Error or Genuine Errors Granted Exemption.</li></ul>

### 3.2.3. View upload results of XBRL files

When you click on the **Acknowledge and Upload** button in the validation results window, the XBRL upload results window will be displayed (see Figure 18).

The **Upload Result** row will indicate whether your XBRL file has been successfully uploaded to BizFin<sup>x</sup> server or not, and provide instruction on how to proceed to the next step.

The **Copy to Clipboard** button allows you to copy the entire content in the XBRL upload results window for reference.

The screenshot shows a window titled "API-108" with a close button in the top right corner. Inside the window, there is a table with the following data:

Upload Result	Your XBRL file has been successfully uploaded. Please proceed to lodge the file in BizFile as part of the Annual Return.
